

WATER AT THE HEART OF CLIMATE ACTION

Hazards targeted: floods and drought

**Donor: Ministry of Foreign Affairs,
Kingdom of Netherlands**

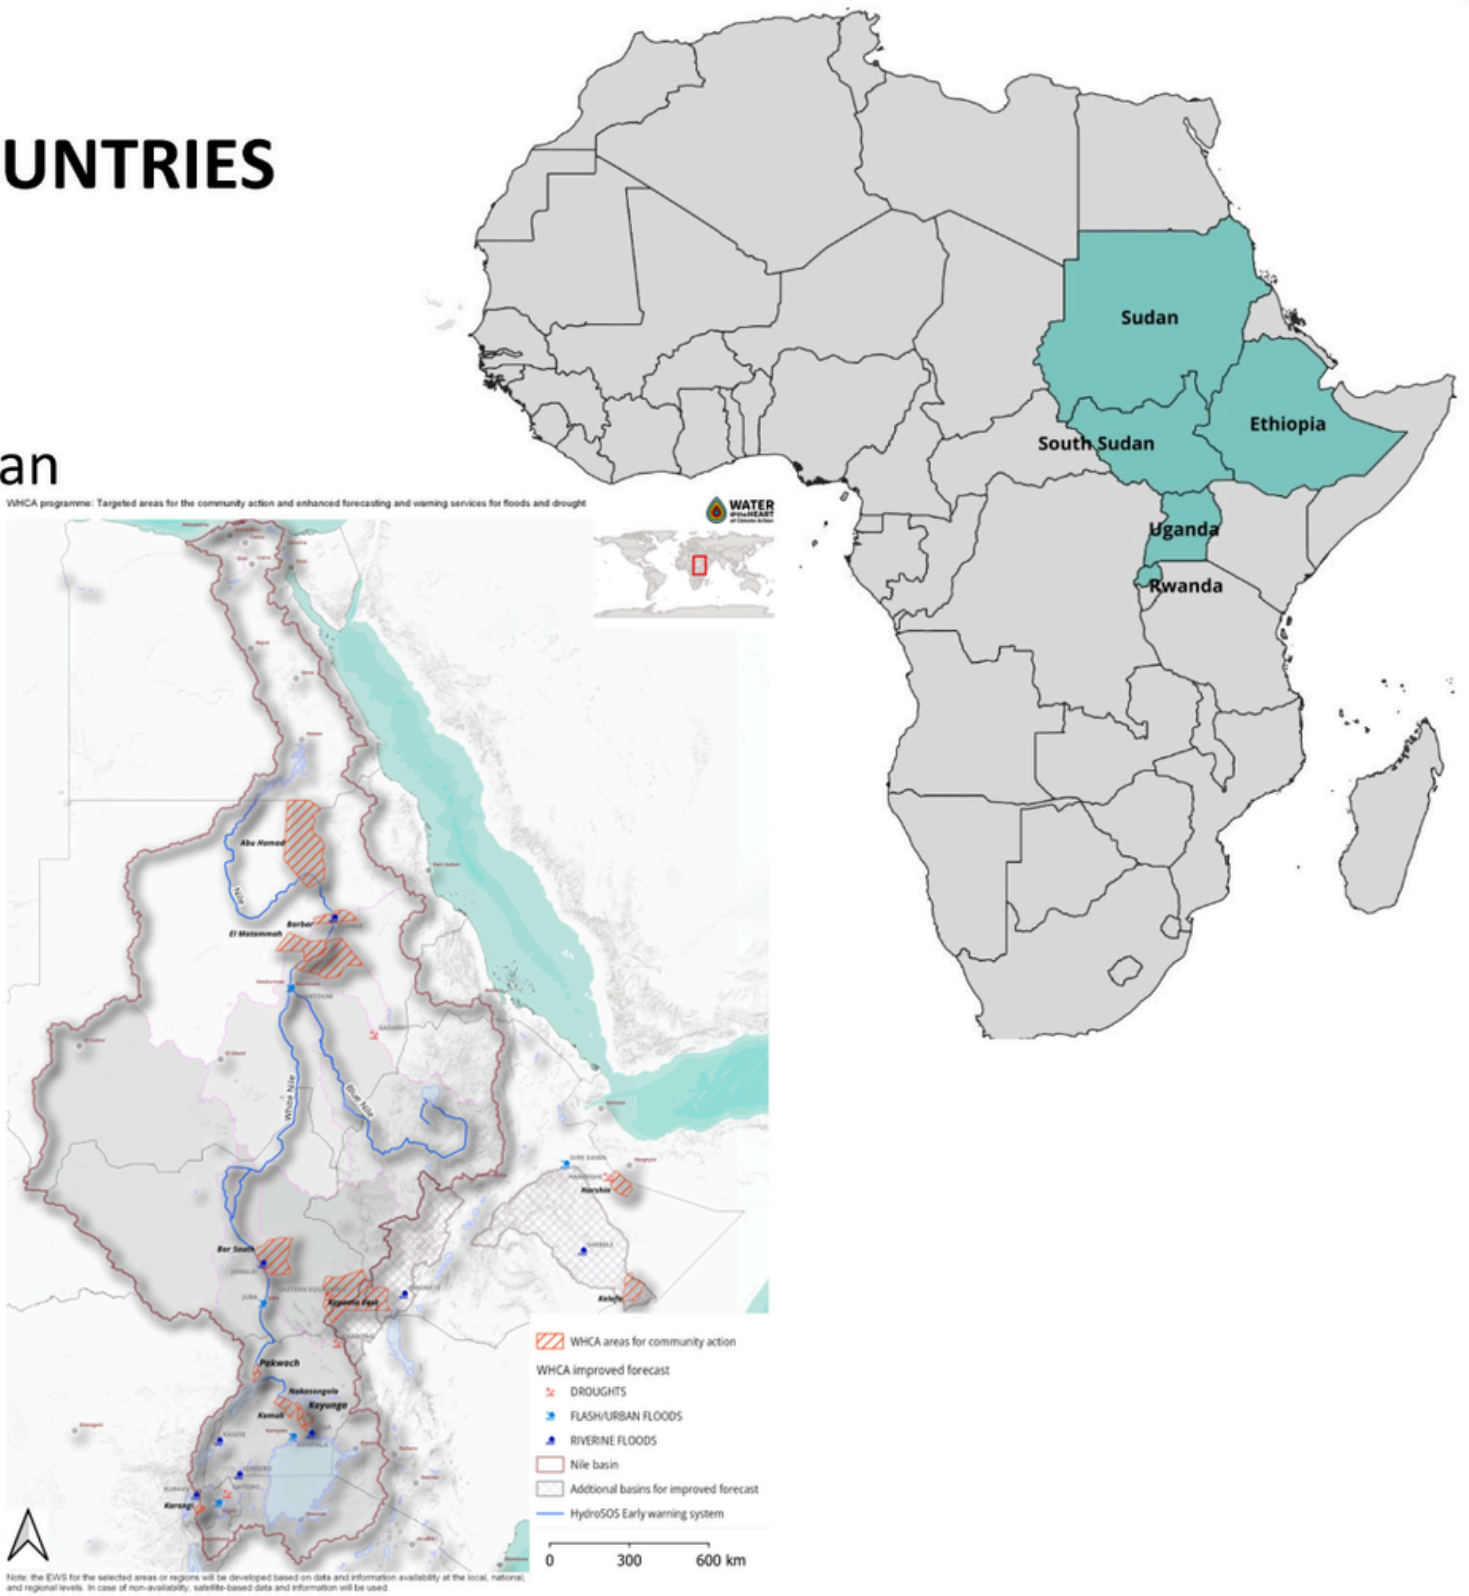

**Budget : 55 Million Euros (Grant to WMO -7
Million Euros)**

Project dates : August 2023-August 2028

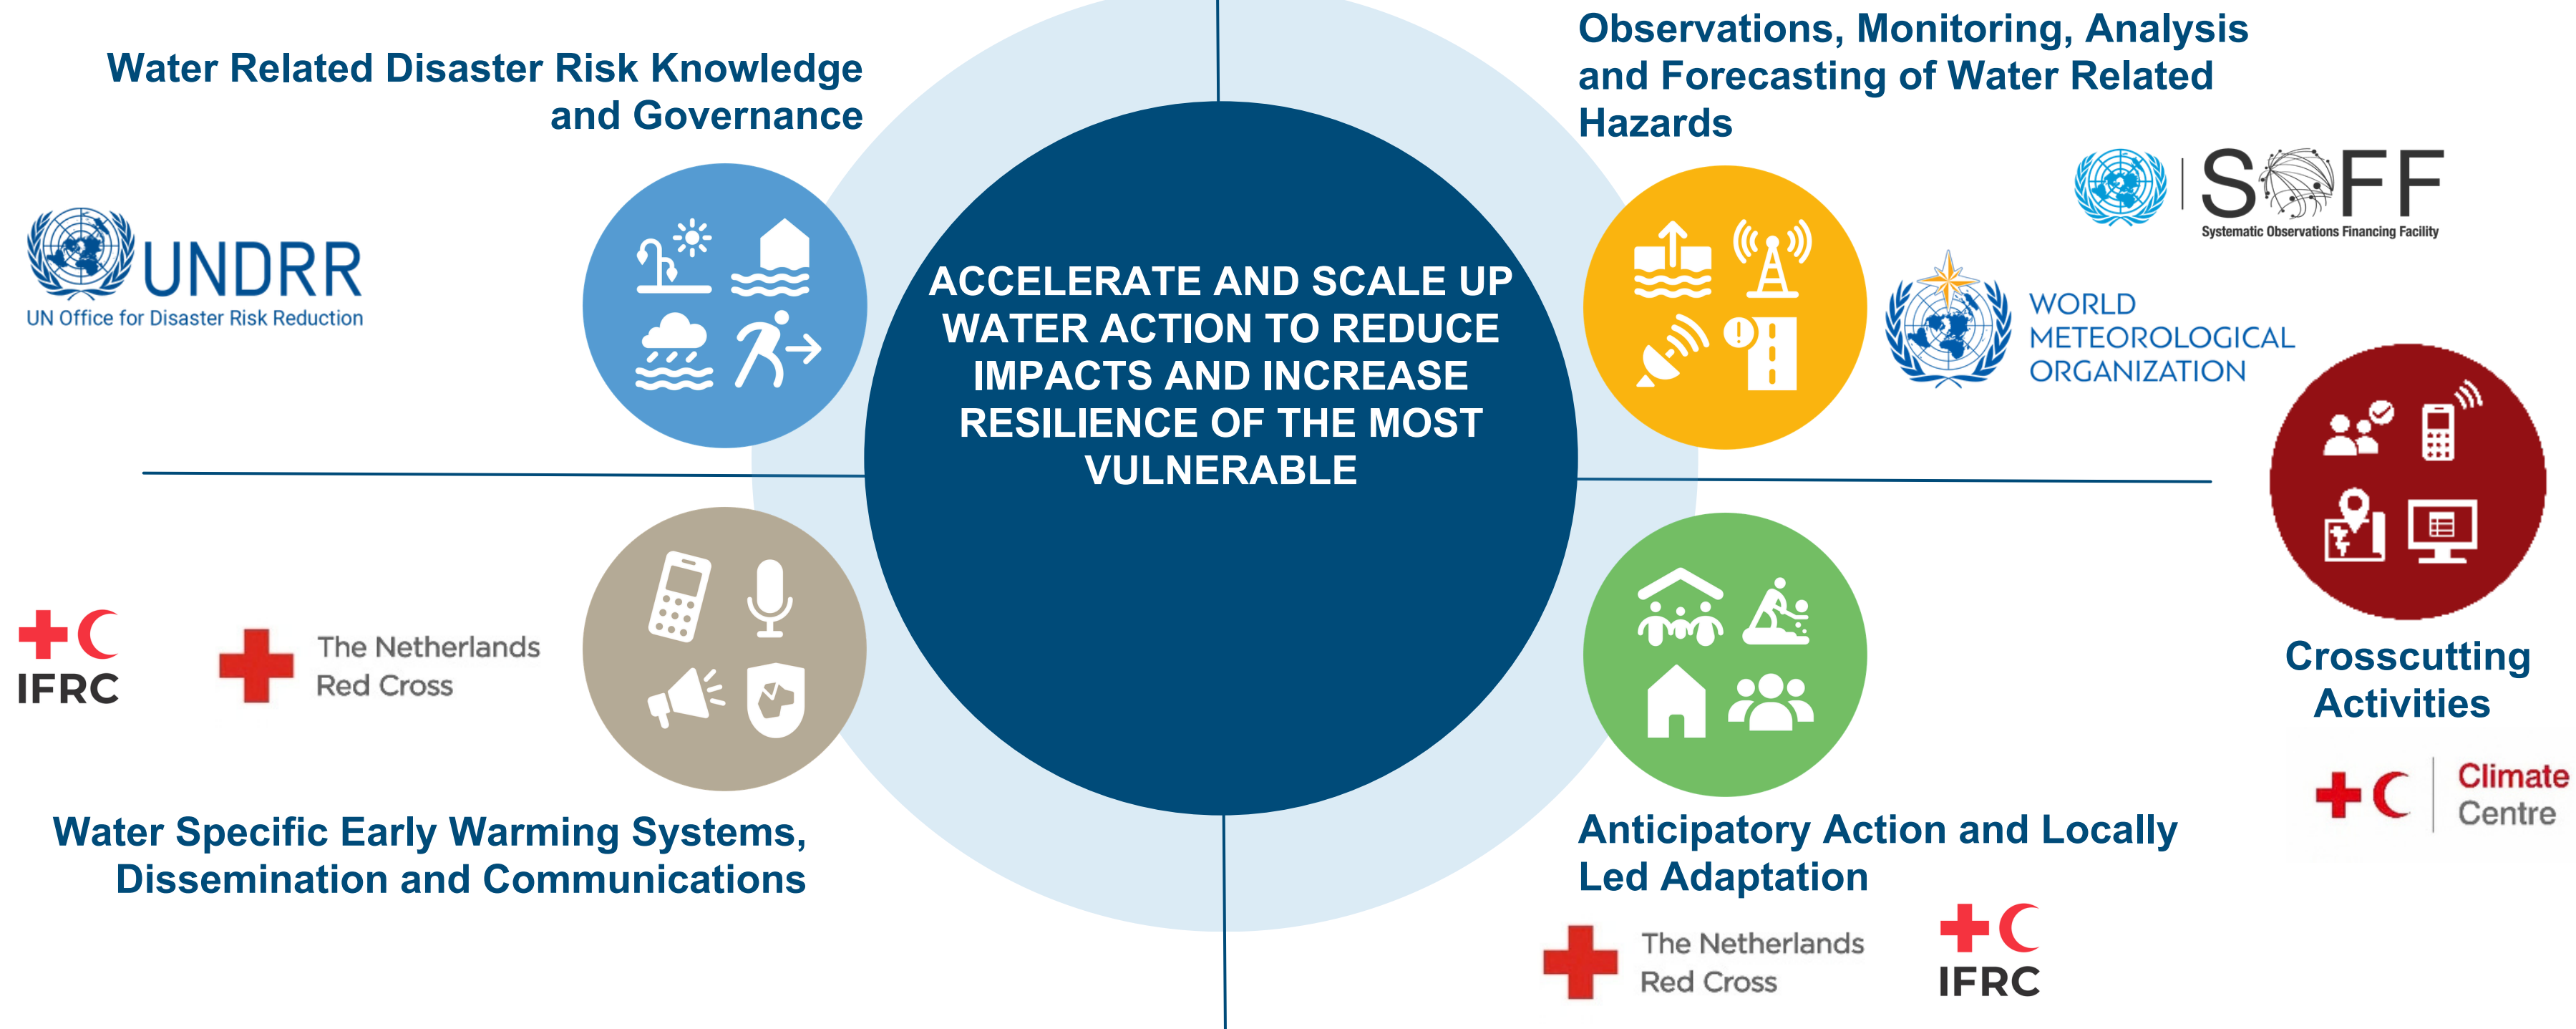

Up-scaling: Phase-2 (Egypt and Kenya)

FOCUS COUNTRIES

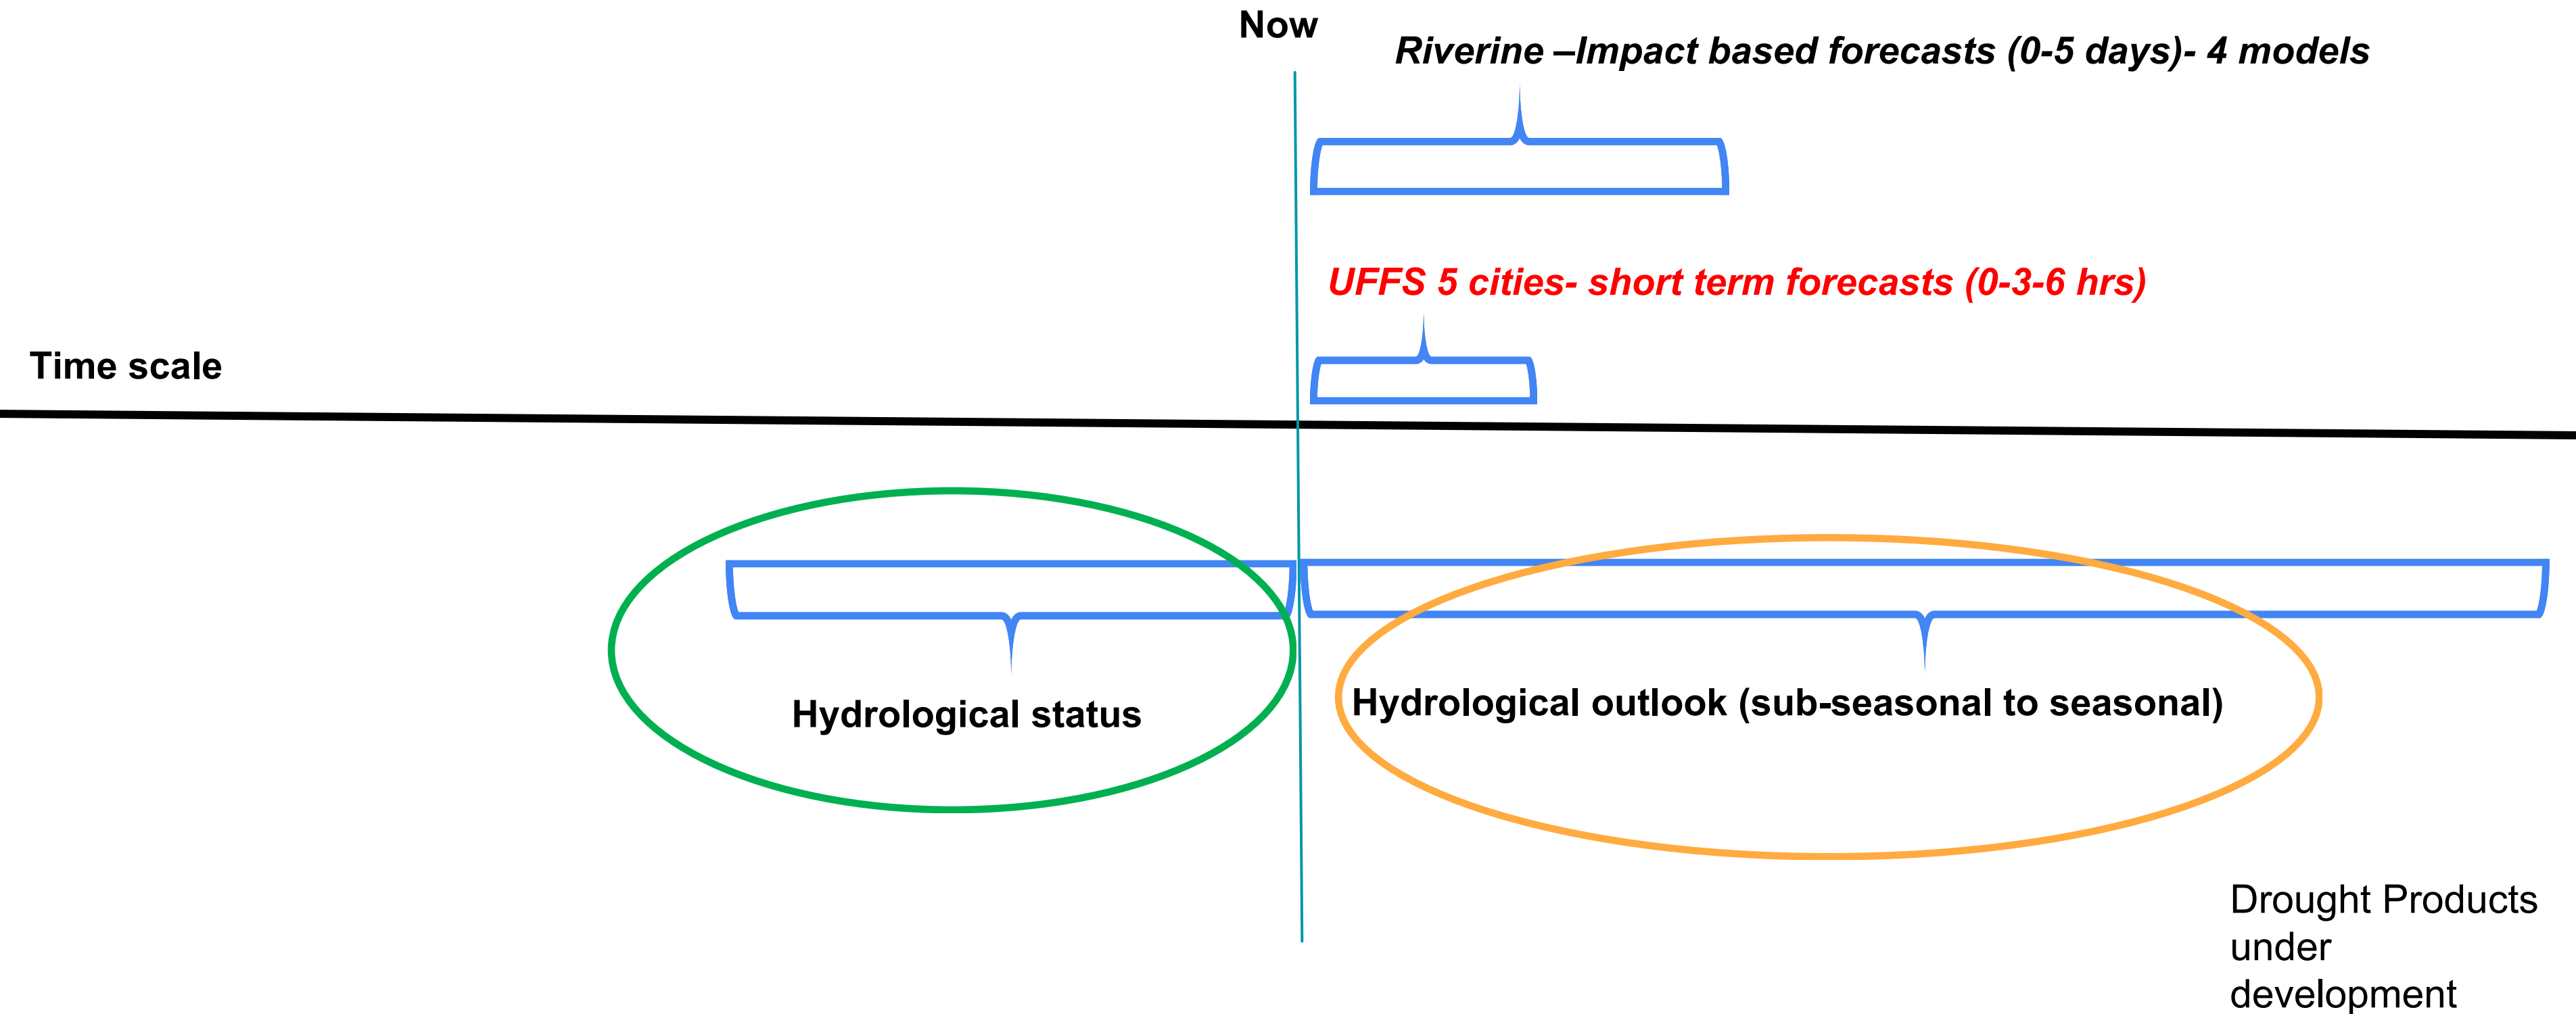

- Ethiopia
- Rwanda
- South Sudan
- Sudan
- Uganda

A UNIQUE PARTNERSHIP *FROM SATELLITE TO SANDBAGS*

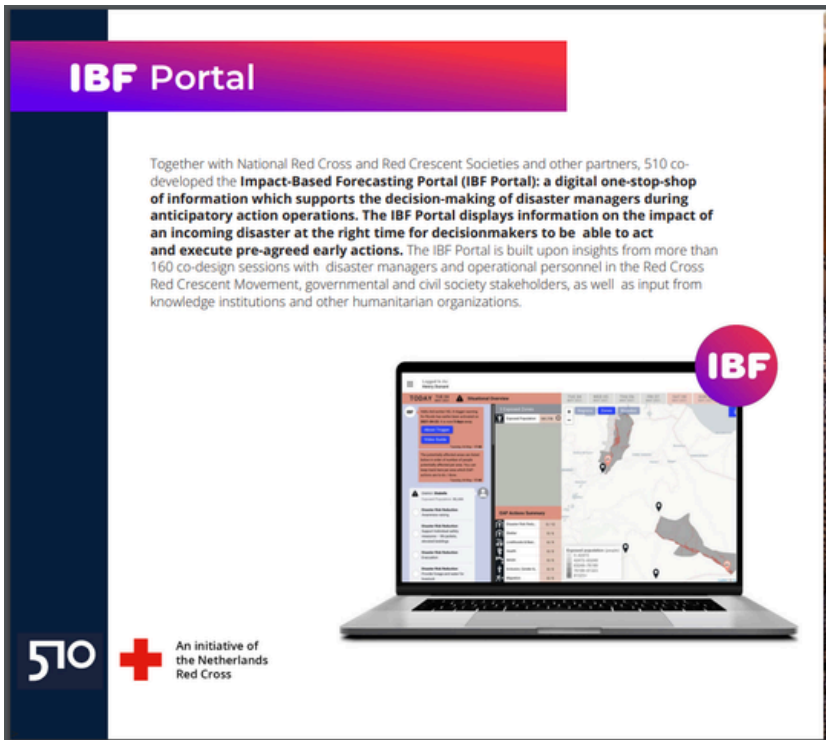

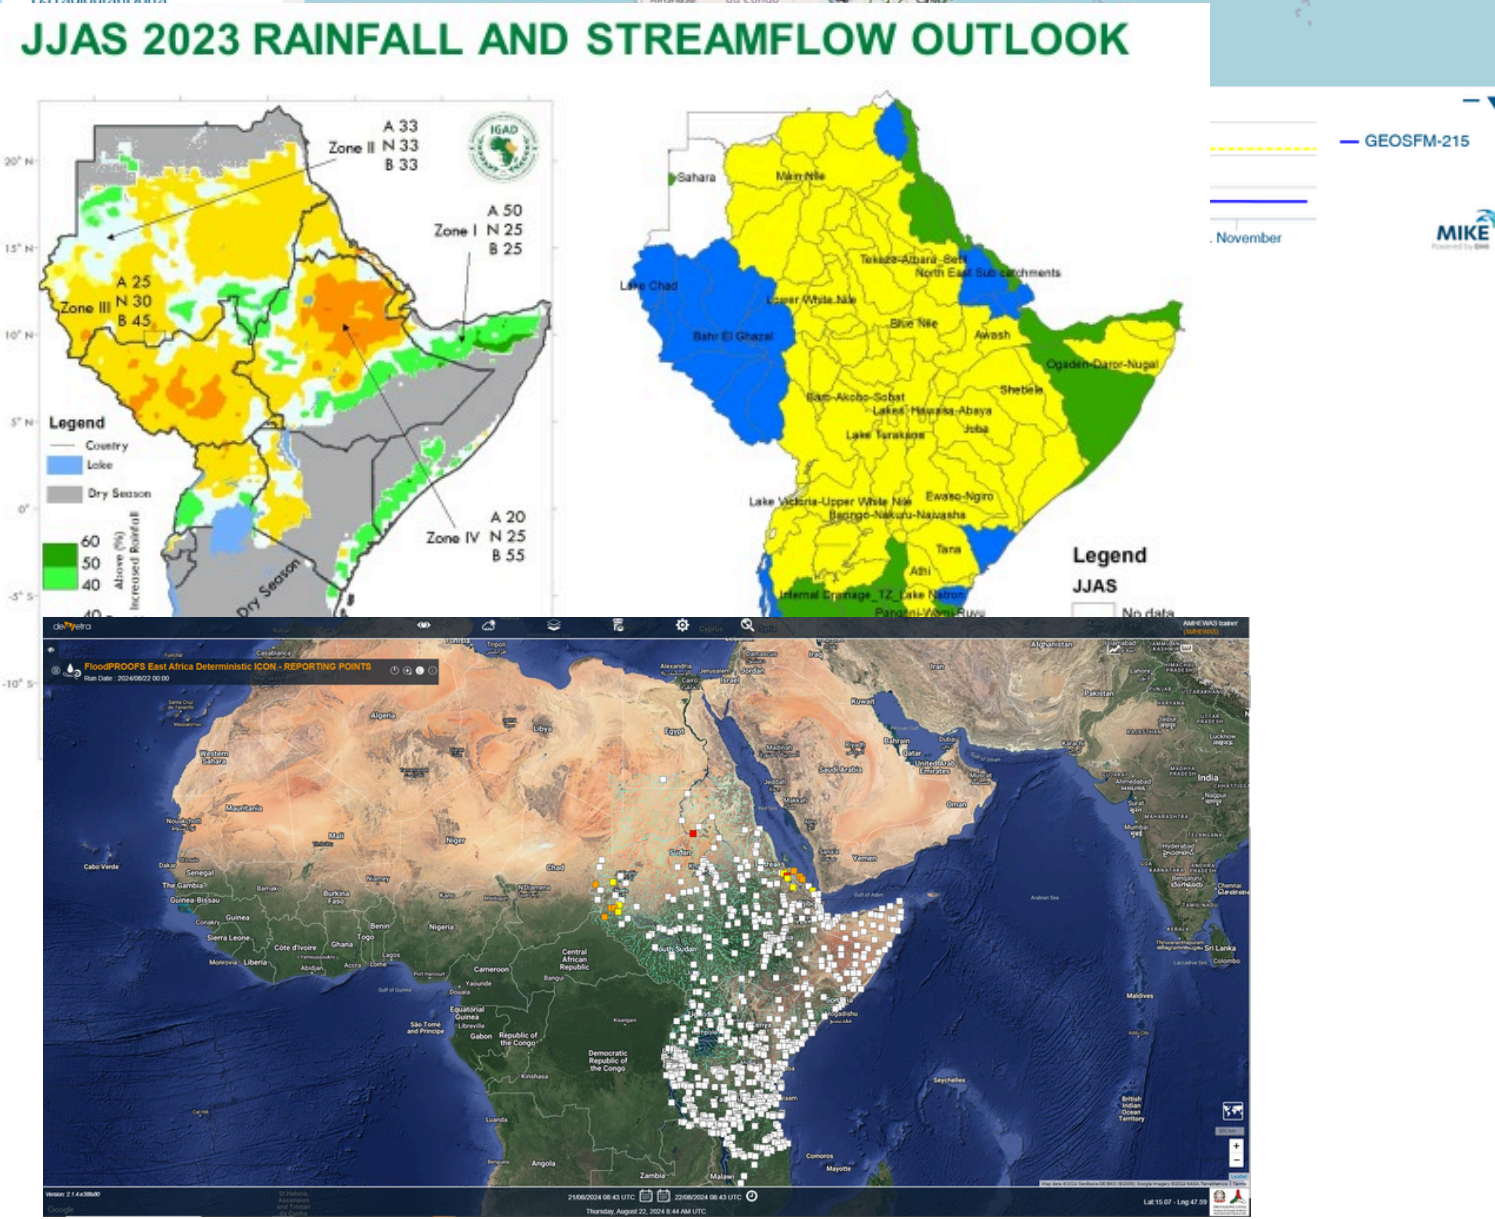

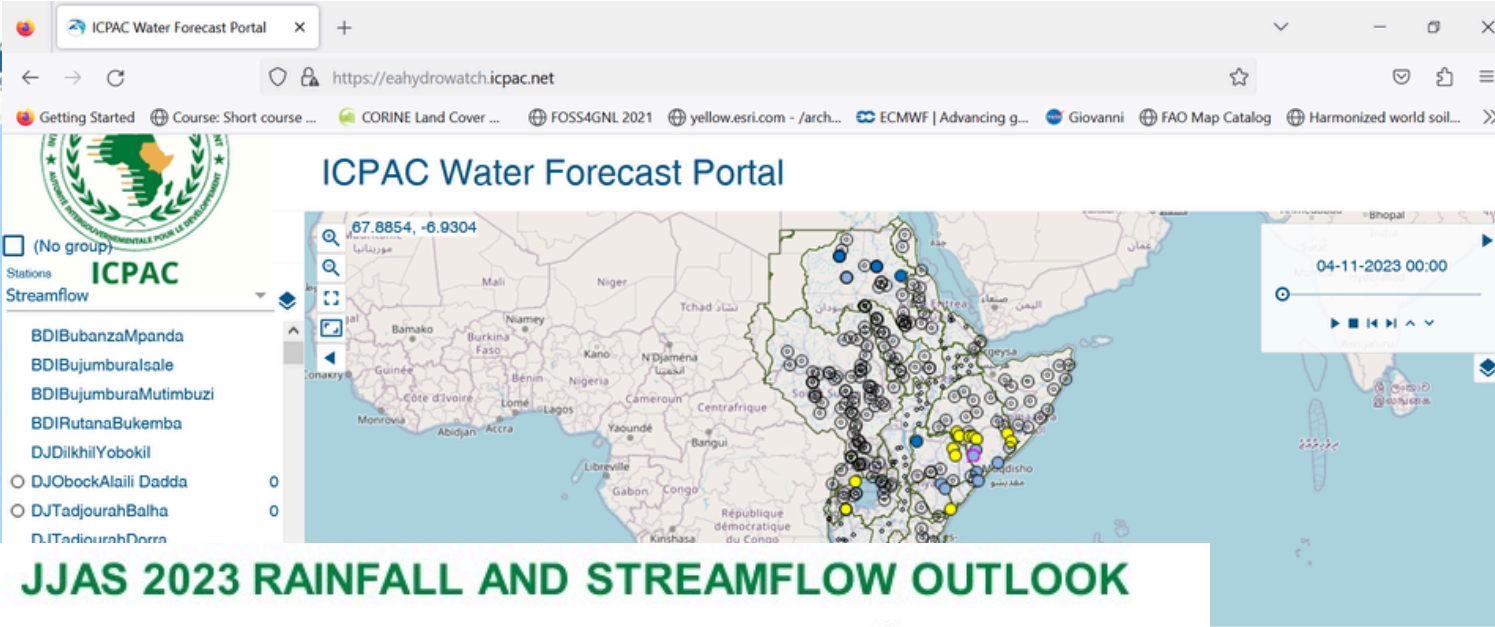

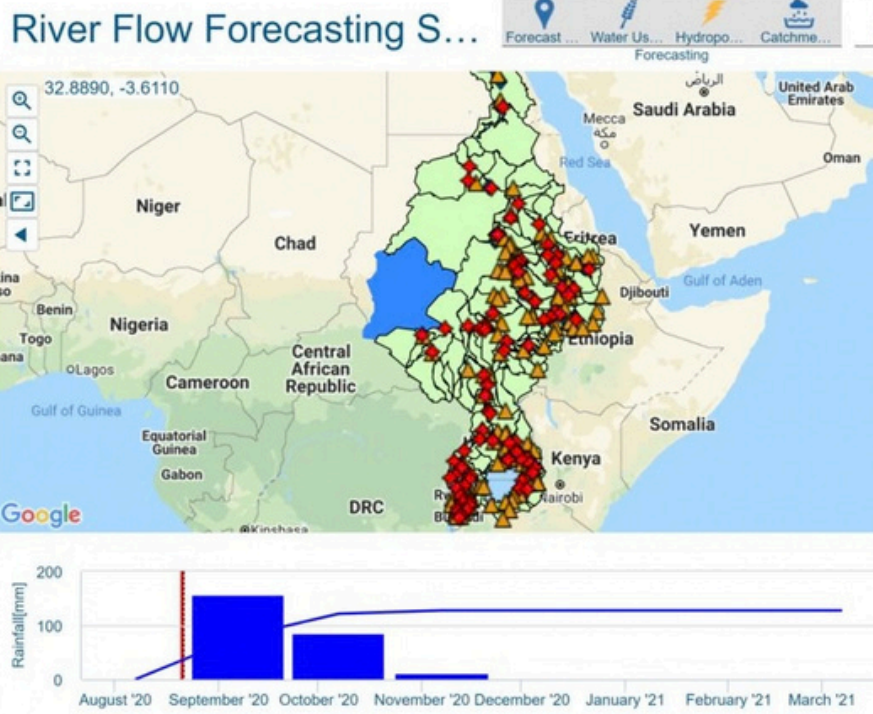

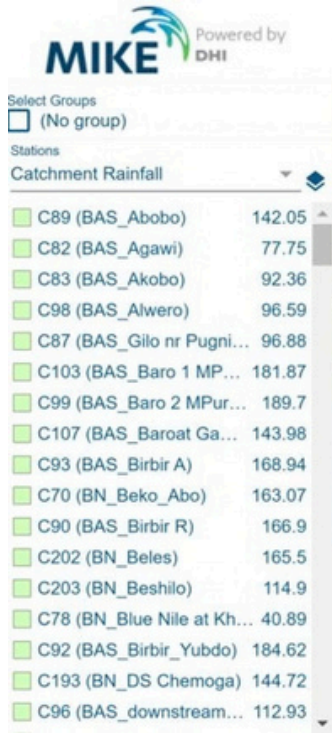

Linkages between different activities under Pillar 2

More than 20 different Hydro-Met warning platform, databases and tools are existing in the Nile Basin countries

WHCA is collaborating with ICPAC to update the regional platform (EA Hazard Watch) integrating existing products, information from global, regional and national levels <https://floodwatch.icpac.net/whca-project/>

Multi Model Evaluation
